Whether the definition of the City of Victoria, given in Section 3 of the Victoria Registration Ordinance (No. 7 of 1866), is or is not correct at the present date, we are no altogether prepared to say; but we have

a strong suspicion that Kennedy Town, and perhaps Kawloong Point, may have since the year 1860 been included with ers in the city limits. If any doubt exists on this point, it would be well to set at rest; and besides, any unnecessary references from one ordinance to another fication theory laid down by the Law Revision Committee. The 'notice' referred to in Section 7 should be the notice mentioned in Sect. 5, and not in Sect. 4, as printed. Perhaps, however, these are minor mutters of detail. The intention of the Ordinance receives pur most cordisl approval; and were it not that the whole question will probably be don't t'ommission, do not strongly advacate the conservation of a certain Eurepean

Our only surprise, is considering the Ordinance before as, is, that no portion of the Central District, below the level of Hollywood Road, has been specially preserved for Enropean houses. Why I am the United States Consul. And the Vicercy langhed loud at the answer. The Minister, however, relied that it was impossible, as certain personal influences were too strong.
